Your participation in this outing will directly impact the families at Beatitude House.

Celebrating 30 years, Beatitude House has been successful in its mission to create homes, provide educational opportunities and foster healthy families, growing from four women and their children in 1991, to three programs with over 7,500 lives transformed.

With a goal to empower homeless women to achieve stability, Beatitude House provides a secure environment with support services and life skills.

Now more than ever, your support is needed to help Beatitude House Ministries regain momentum after a difficult last year. Please consider sponsorship opportunities outlined on the next page.
