CASEMENT/AWNING

VINYL REPLACEMENT WINDOWS

Clean lines and unobstructed viewing areas bring the outside in with Window World's Casement and Awning Windows. Air will flow freely through casement windows with 90° hinge capabilities and awnings that allow ventilation even on rainy days.

Reimagine your living space with casement and awning windows by Window World. Sleek designs and smooth functionality are enhanced by energy-saving glass options and state-of-the-art engineering, providing you with worry-free efficiency and performance. With stylish design options including grids and laminate interior and exterior colors, Window World Casement and Awning Windows make a statement in any home.

Casement

Awning

Best-in-Class Features:

- 1 Welded, heavy-duty vinyl construction adds strength and durability while the multi-chambered mainframe creates sealed air spaces to provide an effective insulating barrier.
- 2 A beveled exterior edge adds style and curb appeal to an already sleek design.
- 3 Dual-pane insulating glass creates a sealed air space between the panes that is enhanced by our warm-edge spacer system.
- 4 Triple weatherstripping provides a tight seal for enhanced weather protection.
- 5 Multi-point locking hardware enhances security and provides peace of mind.
- 6 Folding operator handle keeps the interior profile sleek and clean, removing traditionally obtrusive hardware from your living space.
- 7 The 90° hinge capability on casement windows allows for full operation and easy cleaning.

Window World casement and awning windows are available in a variety of color options including black matte interior paint.

Energy Saving Glass Packages:

Our SolarZone™ insulated glass packages help you save on heating and cooling costs while also keeping your home more comfortable. In warm weather, SolarZone reduces solar heat gain, minimizes interior glare, and lowers inside glass temperature to save energy and keep you cool. In cold weather, SolarZone helps to control the heat inside your home by providing thermal protection that keeps the inside glass panel warmer.

THERMAL PERFORMANCE COMPARISON				
	CASEMENT U-FACTOR	CASEMENT SHGC	AWNING U-FACTOR	AWNING SHGC
Clear Glass	0.39	0.49	0.39	0.49

Window World

Color Options:

Window World offers a wide variety of color options to complement the interior or exterior style of your home. Classic extruded vinyl colors can be enhanced by expertly applied interior woodgrains and rich-hued interior and exterior finishes. Window World's high-performance color coatings provide low-maintenance, durable color while combining the look of wood-crafted windows with the energy efficiency of vinyl.

Interior Palette

Exterior Palette

* Black interior paint available with black exterior only

† White exterior not available with almond or clay interior

‡ Silver and black exteriors not available with woodgrain interiors

Grid Options:

Grids are available in numerous colors, sizes, and patterns to help achieve your desired aesthetic. From simulated divided lite grids, which convey a historical look, to grids-between-the-glass, which allow for easy cleaning, Window World's variety of grid options has something for everyone.

Simulated Divided Lite

Available in
White or Almond

Grids-Between-the-Glass

Blinds-Between-the-Glass:

The unique blinds-between-the-glass option brought to you by Blink® Blinds + Glass offers a quality solution for window and sliding glass door treatments. The blinds are sealed between two panes of glass, resulting in a longer service life compared to standard blinds while also eliminating the need for dusting. Engineered for ease of use, the internal design makes raising and lowering the blinds simple and intuitive and eliminates the possibility of blinds obstructing the window or door operation.
